Registered nurses, health care professionals, body-oriented therapists, psychotherapists or any individual who desires an in-depth understanding of healing work using energy-based concepts.

Healing Touch Certificate Program Description

The Healing Touch Certificate Program is a multi-level course of study in energy-based therapy that moves from beginning to advanced practitioner and is complementary to health care. The program incorporates a variety of energy-based modalities that are sequenced in Levels 1 through 5, allowing participants to progress from beginner to practitioner. Students receive a certificate of completion at each level. Upon completion of levels 1-5 and additional requirements, students are eligible to apply for certification through Healing Touch International, Inc. Level 6 prepares the individual to become an instructor.
